

Solutions to Desert Agriculture's Pressing Problems

COLLEGE OF AGRICULTURE AND LIFE SCIENCES

**Yuma Center of Excellence
for Desert Agriculture**

Invites you to a presentation of

The Center of Excellence Seminar Series

New Developments in Advancing Management of Fusarium Wilt of Lettuce

Wednesday, April 12, 2017

9:30-10:30 am

Yuma Ag Center

6425 W. 8th St.

Please join us for this informative presentation by Dr. Barry Pryor and Dr. Mike Matheron. Research results from 2016 field trials on varietal resistance and product efficacy will be presented to help with fall planting decisions. Attendance is free!
